CHROMA C2 CLASSROOM PAINT 2L

Chroma 2 is a thick and creamy tempera paint for primary and secondary school students. This high-quality paint combines the versatility of an acrylic with the easy clean up of a tempera. It does not form a rock hard skin when it dries which makes it very easy to clean out of brushes and other equipment. Use as a general-purpose classroom paint and for all your printing techniques like silkscreen and lino block. This is a highly pigmented paint and as such may stain some fabrics so it is sensible to wear protective clothing in the art room.
